	Zone 4	
Activities	Experiences	Benefits
berry picking	2-3 day trips on the whole river	adventure - always!
berry picking	access is more difficult	all of individual and personal benefit list from handout
bird watching	adventure	bigger self reliance
bird watching	adventurous journey	bonding with children
bird watching	alyeska flies over w/ helicopters and miners use it too.	challenging rewards
birdwatching	boating skills required	closer relation with natural world
camping	building family memories, son first learned about grayling fishing here	environmental benefits such as ecosystem function, wildlife, habitat, waterfowl
camping	campsites are too limited	father/daughter or father/son time
camping	can get crowded	getting away from people
camping	carrying on traditions	greater retention of distinct natural landscape
camping	carrying on traditions	high satisfaction upon completion
canoeing	challenging rapids that require skill	improved appreciation of nature's splendor
canoes o.k.	charished place for our family	improved mental well-being
		·
duck hunting (at edge of zone 2 & 4)	cleaning up after hunters (gas cans, dead moose with head gone)	improved paddling skills
fishing	closer to wildlife	improved rec skills
fishing	commit energy to use area	improved team work/cooperation (especially when competition for campsites occurs)
fishing	competition for campsites detracts from the experience	improved well being
fishing	developing outdoor skills	isolation
fishing	developing outdoor skills	memories built with kids
floating	disappointment that last campsite had trees cut and eagle's nest is gone.	memories of tranquility
floating	discovering what Alaska has to offer	non-motorized crème de la crème
hiking	enjoying scenery/nature	not crowded
hiking	enjoying scenery/nature	not much economic benefit
hiking	enjoying solitude/escaping crowds	open access
hunting	escaping noise	outhouse at portage
hunting	excitement	physical fitness
hunting	experience feels ruined when airboats are seen	prettiest place on Delta
hunting	experience solitude	provides the heart of the Delta River experience
kayaks are preferred	fantastic hunting	relaxed
moose hunting	get away from town	remote
motorized boating	gets high-use	sense of adventure
•		
motorized boating at high water from Richardson	great scenery	skill level trip with partners
no canoes	have looked at ridges by last lake and thought of camping there	social and community benefits
no OHVs	have seen airboats	solitude
non-motorized boating	having time to reflect	stories to tell (grizzly ran through campsite)
non-motorized boating	having time to reflect	stress released
Occassional motorized boat use	high water level allows for motorized use	supplement income
OHV use (up to garrett creek)	learning about nature	unique experience
paddling	learning about nature	wild Alaskan experience
photography	long day with portage at falls and camp at falls	
photography	lower competition to hunting and fishing opportunities	
photography	making sidetrips to the falls	
picnicing	need to be able to portage	
picnicing	nicknaming this the "hidden valley"	
primary use is non-motorized	noiseless	
recreational horse riding/packing	non experienced users will get into trouble	
sightseeing	not a lot of great campsites	
sightseeing	opportunities to educate kids about hunting - what to do/what not to do	
sightseeing	opportunity to improve paddling skills	
snowmachine use	overloaded canoes	
snowmachine use	physical exercise	
trapping	physical exercise	
very few rafts	place to escape cell phones	
very little hunting	place to escape cell priories	
very mae namang	γιανε το τειαλ	

very little motorized boating	portage is too steep	
very little snowmachining	pure enjoyment of area	
wildlife viewing	relieving stress	
wildlife viewing	relieving stress	
wildlife viewing	remote	
	renewing personal historical tie to area	
	repetitive use	
	repetitive use	
	see 10 rafts at a time - large groups

	tradition of horse riding to this remote setting with good fishing	
	tradition of using area	
	tranquility, no man-made noise	
	users don't stay at the portage	
	when you're hunting and butchering it's embarassing when eco groups go by - there's a	
	user conflict	
	witness nature first hand (watched a moose and wolf battle, grizzly ran through	
	campsite)	

	Zone 5	
Activities	Experiences	Benefits
airboats near Eureka Creek	4th of July and hunting season are high use times	accessible to hunters
all boating	a lot like zone 2	accomplishment
berry picking	access to mountaineering	adventurous time
berry picking	breeze keeps bugs down	an area to use alone
berry picking	can't escape noise	appreciation of Alaska
berry picking	carrying on traditions	appreciation of Alaskan History
bicycling	carrying on traditions	appreciation of cultural and traditional past
bicycling	chainsaws are used to cut dead & down trees	appreciation of cultural history
bicycling	connecting with "Alaska Wolf Man's stories and experiences	chance to bond with kids
bicycling	cultural history	completion of adventure
bird watching	day-use	day-use
bird watching	developing outdoor skills	easier access
bird watching	developing outdoor skills	easy access
bird watching	discovering what Alaska has to offer	economic benefits
bird watching	don't see animals or birds once a jetboat has been through here	fantastic views
camping	easy access	father/son or father/daughter time
camping	easy access to natural landscape	galloping glaciers, history, mining history, transportation history
camping	enjoy lots of people	good mountaineering areas to access
camping	enjoy scenery/nature	Greater appreciation of nature
camping	enjoying scenery/nature	greater self reliance/self confidence
dispersed horse trail riding	enjoying scenery/nature enjoying scenery/nature	higher comfort level
fishing	expect motorized use in the area	highway access
fishing	,	· ·
fishing(drops out below Eureka Creek)	experiencing Alaskan history experiencing cultural history	improved outdoor recreation skills improved skills
,	, ,	'
floating	experiencing cultural history	increased knowledge of geography
floating	Experiencing Valdez Trail/Richardson Highway history	knowledge of ways to preserve experience
hiking	focused on crossing river at crossings	leadership opportunities
hiking	focused on water and navigation, don't notice vehicle activity	meat for self and/or family
hiking	fun rafting through black rapids/waves	memories built with kids
hiking	getting to the end of trip	mining access
hunting	Great wildlife viewing destination	motorized access to go up river
hunting	groups west of the river are careful	multi-use exposure
hunting	having time to reflect	opportunity for great access
hunting	having time to reflect	photo opportunities
hunting	helicopter use back and forth over river	physical exercise expended
hunting	high-use area	pretty drive
mining	hunting parties come in by power boat	realization of goal
mining access	know highway is there	satisfaction
Motorized boating	learning about geography	scenic - pipeline, mountains
motorized boating	learning about geography	sense of accomplishment
motorized boating	learning about nature	solitude
motorized boating	learning about nature	tourism - economic benefit
motorized subsistence use	learning outdoor skills	trail access benefits operation
multi-use trails	military use, group goes out in spring and tears up the trail	young river users will be future policy makers & decision makers
non-motorized boating	moose camp out on road from Broxten Gulch and Eureka	
non-motorized boating	most scenic roadway in Alaska along this zone	
non-motorized boating	natural barriers keep activities to the east side	
OHV	natural beauty	
OHV use	no one is aware that they are driving by a wild and scenic river	
ohv use	not a lot of interaction between road user and river use	
OHV use	not happy to see cut trees
